

GAINING EARLY AWARENESS AND READINESS FOR UNDERGRADUATE PROGRAMS

Syracuse GEAR UP, a collaborative effort between Syracuse University and the SCSD, is designed to increase the graduation rate and college attendance of students from Syracuse public schools, as well as assist them in preparing for college admission and financial aid processes, and provide them with a variety of career exploration opportunities.

Syracuse GEAR UP is aligned with community agencies and business partnerships. GEAR UP business partners include LeMoyne College, Onondaga Community College and Partners for Education and Business, a consortium of over 100 local employers in Central New York, all serving students in their college and career search.

For more information about the GEAR UP program, contact:

Phillip Haddix, Executive Director, State & Federal GEAR UP program,
